Subject: CARSTAR- New
locations and HUGE Pro Spot Reviews!

CARSTAR giving Pro Spot great reviews!

The 2009 CARSTAR Canada Industry Conference was held from August 12-14th, in Vancouver, British Columbia. As a Corporate Approved Supplier and Business Partner, Pro Spot was there to show the i4 Inverter Spot Welder.

The outcome was great, with many visitors and admirers; Pro Spot was a popular name in the crowd. Many CARSTAR franchise owners who own 1-2 units already were saying that Pro Spot was "the best tool they had ever bought for their businesses".

The CARSTAR family is a fantastic resource! CARSTAR Collision Centers are North America's largest group of collision repair centers including 400 stores in the US and Canada – and growing. Speaking of growing, 4 new franchises have just been added in the US:

- San Antonio Kelly CARSTAR- San Antonio, TX
- ACS CARSTAR- Naples, FL
- CARSTAR Davis Ave- Laurel, MD
- Premier CARSTAR Collision Center- Henderson, NV

The shops that own Pro Spot units are giving it great reviews and are communicating it to all of the other shops. Now is the time to call on your local CARSTAR shops! We've received great reviews at this conference and owners are hot to buy! With the corporate discounts they receive on Pro Spot products, you've got all the ammunition you need!

The Annual Conference and Vendor Expo 2009 for CARSTAR U.S.A will be held September 20-22 in Denver, Colorado.

GO FORTH AND SELL!!!
