

Inverter Spot Welding System

Bulletin# 519

Date: September 1, 2009

Subject: New Tip Sharpener- SAVE Time & Money!

Quick & Easy to Use Tip Sharpener!

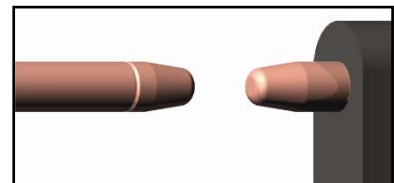

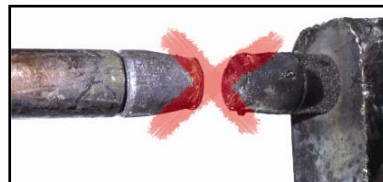

Is your day slowed down by the time it takes to replace dull tips? Well... we have a solution for you! Make the best of your investment by using the tip sharpener to extend the life of your current weld caps.

The Pneumatic Low Profile Dresser (PLT-50/A) sharpens your dull tips without having to remove the arm.

**GET 50 % MORE USE
OUT OF YOUR TIPS!**

Dull, worn-out & dirty weld caps will cause poor weld performance and failed welds!
